

California Entrepreneurship Educators Conference

Features Gary Knight

We are pleased to announce a sneak peek to one of our research speakers for the California Entrepreneurship Educators Conference, Gary Knight. Gary is a Professor of Global Management and the Helen Simpson Jackson Chair of International Business at Willamette University, Salem & Portland, Oregon. Without further ado may I present Gary Knight.

Sneak Preview

“Gary will first provide an introduction to and summarize the current state of research in IE. He will review the major gaps in current research, and then offer recommendations for future research. This will be followed with an interactive discussion on possible research directions. Gary is currently co-editing a special issue on IE in the Journal of International Business Studies.” Hope to see you there!
